

CORSICA RAID AVENTURE

INFORMATION NOTE

RACE DEVELOPMENT

The Corsica Raid Adventure starts on Saturday.

The convocation time (morning or afternoon) is fixed and based on the host site and will be specified several months before the race. You start by the welcome, delivery of the road book and map, recovery of promotional materials (running shirt, stickers, MTB plates, ...), the administrative checks, registration of your emergency mobile phone, and the one of your individual kits ropes-canyoning, the signing of the eco-adventurer charter.

Then we followed that with a race briefing made by the race direction. It helps to explain the specificities of the event, give the race instructions and answer questions of all.

After this chain welcome – checks, if everything is ok (95% of teams), you get your untearable race bracelet that validates your participation in the Corsica Raid Adventure (for the 5% non-validated it's a race to find equipment or the missing piece).

A prologue can take place certain years.

From Sunday, daily stage departures are performed in the early morning (you must be ready early morning). In each stage, around 30min before the departure, the organization does a approximately 5 min stage briefing. The departures of stages are grouped or shifted according to each stage.

The race is composed of series of sections combining adventure disciplines and eventually discovery sections.

One or more assistance points allows you to change materials and refuel (and change racer for version CRA 2+1).

One or more Check Point Horary allow to offer a race where the world's elite to the Discoverers teams, live the same extraordinary adventure together.

On (or several) night stage will be in the program. Departure for a long stage based on one or several section that the Corsica Raid offers. And at night it's always very different from what we may feel during the day.

Thursday late afternoon, everyone has arrived. It is the night closing ceremony. Aperitif and awards ceremony, followed by a meal where it's time to relax.

No prize-money on the Corsica Raid who refuses race for money. On the Corsica Raid Adventure, there is only fulfilling to win, to capture images, and emotions to live. Simply exceptional moments to live.
