

CORSICA RAID AVENTURE

INFORMATION NOTE

ACCOMODATION AND SUPPLIES

Accommodation and food supplies during the adventure race:

The Corsica Raid Adventure is built on the format of a stage race, each hosted by a City or Territory.

Supply side:

Beyond the usual energy bars in the race, your assistance will find all the shops and grocery store nearby the stage and you will benefit of an adequate diet for your efforts, at each point of assistance (several per day).

Every night either you prepare your dinner at the campsite, or you enjoy the restaurants of the city stage.

For accommodation :

► The organization books and supports a campsite every day for all participants from Saturday night through Thursday.

► If you would rather sleep in a bungalow, in a shelter, hotel, or on your friend's house, you have the right to do it (this type of accommodation is at your expense).

In all cases, you should remain available by phone 24h / 24h.

► On some editions, there may have bivouacs; which means: night in tents without electricity, bathroom and water. We rely on you to reveal your eco-adventurer profile and thus make some health sacrifices for a few hours.

Teams are responsible and accountable for their accommodation regardless of the type.

Where to sleep in Corsica?

For your accommodation, we encourage you to not arrive on the day of the race to avoid the stress and fatigue of the trip.

Once registered you will know the places of departure and arrival of the race, and it will be possible to contact the different Tourism Offices which will be able to help you.

Similarly, on the Day 1 of the Corsica Raid Adventure you will know all the city stages and then you can, if you want, book your comfortable accommodations for the other stages.

Our cell «Travel & Logistics» is especially dedicated to help organize your journey (06 (+33(0)6 73 01 84 48 or info@corsicaraid.com), it will share our advice and experience on supply, catering and accommodation.
