- ▶ The trip to Corsica: Look at the Information Note : Travel & logistics.
- ▶ The car trips during the race.

FIND A FINANCEMENT

Financing methods are highly variable and often cumulative:

- ▶ The sale, with relatives (work, family, friends, acquaintances, customers, suppliers, etc), promotional materials (t-shirts, stickers, cap...), the organization of evening presentations with lottery or raffle... These are the type of actions that are surely the most affordable and most profitable in terms of energy spent.
- ▶ The exchange partnerships with various companies able to meet the needs of team participation (travel, vehicle, technical equipment, food and supplies, gas coupons, etc...). Again the observed results are usually very good.
- ▶ The funding by sponsors investing small amounts (suppliers, traders, relationships ...) in exchange for their logo on the race shirt. In the end, the sum of amounts invested by all is always important.
- ▶ The service which a member of your team collaborator belongs, the direction of the communication or the management of the council, often join the Corsica Raid participation in one or more of their(s) collaborator(s).
- ▶ Your City hall and tourist office, the General Council or the Regional Council, the various institutions of your territory, even if they still drowning in applications may offer their support.
- ▶ Sponsorship of course, for teams that have a track record or people who are lucky enough to have relationships to convince sponsors. The list is not exhaustive and at the end of it, there is the total or partial self financing for those who do not have commercial fiber, or whose efforts weren't successful. They finally participate on the financing of exceptional holidays!
